Winemaker Notes

Moderate temperatures throughout the grape growing season played right into the hands of our beloved Gewurztraminer come harvest time in 2019 with nice acidity and brix measurements. One of the more fun grapes to process during harvest season due to its pink skins, this harvest might just be our best yet for this cool-climate grape as the aromatic qualities really shine. A nice balance between the wine's typical spicy notes and a touch of sweetness.

A Love of Wine and Family has brought us back to our roots in the beautiful Adirondacks to share our award-winning, locally-handcrafted wines with friends new and old. From our family to yours, thank you for being a part of our story and for letting us be a part of yours!
