### Winemaker Notes

The 2020 vintage of Pinot Noir presents itself as a bolder bodied Pinot Noir than most. Forest floor characteristics dominate on the nose with mushroom qualities present and lingering cherry and vanilla undertones. The wine's deep and rich color comes from an outstanding growing season in the vineyard where warm temperatures and less than normal rain fall amounts concentrated berry size and flavors. Cherry, plum sauce, mushroom and cola flavors find its way onto the palette to provide an interesting and strong flavor profile with velvety tannins at the end.
